NORTHAMPTON TOWN TO PLAY HOME GAMES AT FERNIE FIELDS IN 2023-24

Northampton Town Women are delighted to announce an agreement with Fernie Fields Sports Club (home of Northampton Sileby Rangers) which will see the Cobblers first team play their 2023-24 home fixtures at Fernie Fields Sports Ground.

Northampton Sileby Rangers F.C. are a local, Northampton-based football club who currently play in the Spartan South Midlands League Division One. The Northampton Town Women are moving to Fernie Fields as part of their continued development and recent success which has seen them rise to FA Women's National League Division One Midlands. This has required the side to relocate to a facility more equipped to meet the new ground grading requirements.

Charlene Ward-Greef, the Northampton Town FC Women's Development Officer said: "Both the Northampton Town Women's first team and I are delighted to be forming an agreement with Fernie Fields Sports Club. We are excited about the development of the club that the excellent facilities at Fernie Fields will provide us. We are looking forward to collaborating with all involved and helping to build a great relationship with another outstanding local club."

The Trustees of Fernie Fields Sports Club have said: "We are delighted to announce that the Northampton Town Women's Football Club will be using Fernie Fields as their home venue for the upcoming season and we wish them well for the season ahead. We look forward to working with them to make it a huge success."

Following their recent friendly win over Cambridge United at Sixfields, the Cobblers Women will also be playing further games at the stadium this season. Fixtures and details will be confirmed in due course.

We would like to thank the first team's previous hosts, Harpole FC, and we are pleased that our relationship with them will continue with the Development squad playing their 2023-24 home matches there.
