GIRLS EMERGING TALENT CENTRE

We are four months into our new Emerging Talent Centre (ETC) and already we've seen incredible progress from our players and coaches adapting to the new programme, quickly and efficiently.

Our Head of Sports Science, Luke Callis has undertaken several rounds of fitness, set up rehab programmes for injured players and strength and conditioning plans for all of our age groups. Our nutritionist Dr Charlie Roberts has held two presentations offering support and guidance on a vital element of being an athlete today. As well as psychology sessions with Scott Bradley, Head of Sciences at the University of Northampton.

Our teams have also started playing friendlies against local teams to put into practice all of what they're learning both on and off the pitch. Upcoming games, alongside a second set of player reviews over the next couple of months make it non-stop at the ETC and all go.

I'd just like to thank all of the staff, players, parents and guardians for making it a great and busy start to our new holistic programme. We're always striving to do better in football and we will look to make the end of the 2023 season a big one going into 2023/2024 even better!

JOINT-MANAGERS PLEASED AS COBBLERS WOMEN WIN IN FRONT OF RECORD CROWD

Reaction to the Sixfields game

Joint-managers Josh Oldfield and Liam Williams were pleased with Northampton Town Women's 1-0 win over third-placed Sporting Khalsa in the FA Women's National League Division One Midlands on Sunday.

Captain Zoe Boote scored the Cobblers' goal as they were victorious in front of a record 1,025 supporters at Sixfields Stadium.

Oldfield said: "It was a tight game and the crowd really pushed us on.

"It was brilliant to see so many people supporting us, and hopefully there'll be even more next time.

"In terms of the performance, it was really positive and a good reaction to last week.

"The girls executed the game-plan fantastically and competed for 90 minutes.

"We scored a well-worked goal and created enough chances to kill the game off.

"At 1-0 down they're always capable of getting back in the game, but I thought the girls managed that situation really well.

"There was unity, resilience and character throughout, and that's all we can ask for."

Williams added: "We've spoken very clearly and openly with the girls about our expectations this week, and they were much better today.

"We reflected on the standards we should be operating at, and it's nice to have met those in front of a big crowd today.

"Bouncing back was important, now it's about consistency and earning points to move up the table."
